

Training course for youth workers

‘Social mentoring as innovative training pathway to lifestyle self-employment’

Module III.

Validation of the Competences “Sense of initiative and entrepreneurship”

Exercise 2.

Europass CV in practice

The aim of the exercise:

To gain experience in self-validation using the different kinds of validation, particularly Europass CV.

The tasks of the exercise:

This exercise helps to gain practical experience in filling Europass CV and be aware on the use of Europass CV in validation process.

Follow steps bellow: in step 1 you have to work alone, in the step 2- discuss with the pair and in the step 3 - discuss with the whole group.

Step 1. The participants are provided with a sample of a Europass CV. The trainer introduces them the main features of the CV. Afterwards each participant is encouraged to fill in a CV of their own. Each participant presents their CV.

Step 2. The CVs done in step 1 are used here. The participants are divided in pairs. In each pair each participant assesses the CV of their partner. In this way they do a peer assessment. Afterwards each pair presents their findings.

Step 3. In the whole group assessment feedback from pairs are collected and afterwards the weak and strong points of the CV are discussed.

The learning outcomes:

- The learners will be able to fill and present personal Europass CV.
- The learners will be aware on the use of Europass CV in validation process.

The total duration: 60 minutes (Each step about 20 minutes).
